Architectural Drawing & Permit Expediting Services

Frustrated? Don't know how to get started? That is how many of our clients felt before contacting Mr. Brick Chicago. We have partnered with select architects and engineers along with an in-house permit expeditor so that Mr. Brick Chicago is the only company you need to call. Have your own architect? Great. We pride ourselves on our professionalism and our ability to work with others to get the job done with your best interests in mind.

We service both residential and commercial properties with the following:

- Exterior and Interior Planning
- Floor plans
- Site Plans
- Permit Expediting
- Detail Drawing

Water Protection Services

Whats the point of doing a beautiful restoration or build a new building if you are not going to protect it? Concrete and masonry surfaces always require protection from the damages of wind driven rain, freeze thaw, moisture, and chloride ion intrusion from deicing salts... its just a matter of time. At Mr. Brick Chicago we know all jobs are different that is why we offer a variety of water repellent and sealant protection services that will help keep your restoration or building protected and looking great for years to come.

We service both residential and commercial properties with the following:

- Concrete Block
- Brick Facades
- Conventional Stucco
- Concrete
- Asphalt / Parking Lots
